MACHINERY

Index to Vol. XXVIII
September 1921—August 1922

1922
THE INDUSTRIAL PRESS
140-148 Lafayette St.
New York

Index to MACHINERY

A

Abbott Ball Co:
Ball Burnishing Barrel ... 496
Abbott, Edward R., Personal of ... 1018
Abrasive-band Grinder, Coats ... 919
Abrasive Wheels, New Safety Code for ... 792
Accident Rates, Comparative ... 553
Accidents, Number of People in United States Killed and Injured by ... 886
Accumulators and Piping Systems, Hydraulic. A. Searles ... 64
Acme Machinery Co.:
Hot-Pressed Nut Machine ... 427
Acme Machine Tool Co.:
Horizontal High-Speed Drilling Machine ... 328
Cincinnati-Acme Turret Lathe Staybolt Attachment ... 419
Cincinnati-Acme Gap Turret Lathe ... 676
Acme Thread Nut, Making an Accurate. B. M. W. Hanson ... 197
Acute-Angled Triangle, Determining Altitude of an ... 576
Adams, Arthur H., Personal of ... 86
Adams, Frank W., Personal of ... 850
Adams, Ogden R.:
Selling Machine Tools by Demonstration ... 873
Adams, Ogden R., Personal of ... 172
Adams "Short-Cut" Lathe, Back-facing Attachment for ... 584
Addams, Charles, Personal of ... 432
Adriance Machine Works:
Stagger-feed Press ... 593
Advancement in the Machine Industries. Luther D. Burlingame ... 960
Advancement, The New Bases for ... 278
Advertising Conference, Industrial ... 848
Advertising Machine Tools. J. M. Henry ... 94
Aerial Navigation, First International Congress of ... 101
Air Compressor, Hobart Automatic ... 250
Air Compressors, Ingersoll-Rand Belt-Driven ... 164
Air Drill, Turbine ... 932
Air-Gas Inspirator, Surface Combustion ... 675
Air Gun, Jenkins ... 584
Air, Production of Liquid ... 455
Airplanes in Germany, Manufacture of ... 731
Akermite Co. of America:
Bearing Metal ... 916
Alcorn, Blockouse & Co.:
Heat-treating Furnace ... 156
Alden, John L.:
Loose Pulley Design ... 316
Aligning and Inspecting Milling Machines ... 866
Aligning Stock Guide Opening in Stripper Plate. Harry B. Hansen ... 994
Alignment of Lineshaft Bearings, Importance of Accurate ... 106
Allard, A. R.:
Arc-Welding of Cast Iron ... 461
Allen, Howard G.:
Instrument for Use in Drawing Logarithmic Spirals ... 400
Allen, W. C., Personal of ... 684
Allen Wrench & Tool Co.:
Connecting-rod Aligning Fixture ... 247
Allowances for Shrinkage Fits. A. Designer ... 997
Allowances, Standardization of Tolerances and ... 955
Alloy—a New Cutting Metal, Diamond ... 958
Alloy Steels, Feasibility of Arc-Welding ... 630
Almond, Stanley:
Prick Punch for Accurate Work ... 236
Convenient Sine Bar ... 575
Altitude of an Acute-Angled Triangle, Determining ... 576
Aluminum Alloy Foundry Practice, Scrap Losses in ... 709
Alvord Reamer & Tool Co.:
"X-Cel" Helical Inserted-blade Reamer ... 598
American Broach & Machine Co.:
Bench Broach Press ... 247
American Engineering Council:
Meeting ... 10
Annual Meeting ... 446
American Engineering Standards Committee, Work of the ... 695
American Equipment Co.:
Drill Chuck ... 79
American Foundrymen's Association:
Convention ... 321
Annual convention ... 535
American Gauge Co.:
Amplifying Gage ... 670
American Gear Manufacturers' Association:
Inspection Standards ... 22
Convention ... 200
Standardization Work ... 342
Meeting ... 681
Annual Meeting ... 711
American Improved Air-operated Chucks ... 427
American Machine Tools at Brussels Fair ... 933
American Machine Tools in Great Britain, Report on ... 362
American Railroad Association, Meeting of ... 933
American Society for Steel Treating:
Convention ... 105
Sectional Meetings ... 281
Sectional Meeting ... 656
American Society for Testing Materials, Meeting of the ... 848
American Society of Mechanical Engineers:
Regional Meeting ... 17
New President, Dexter S. Kimball ... 258
Annual Meeting ... 371
Spring Meeting ... 552
Program for Spring Meeting ... 617
Spring Meeting ... 787
American Welding Society, Meeting of ... 712
Americanization, Industrial. Luther D. Burlingame ... 30
Ames Co., B. C.:
Bench Lathes and Millers as Production Tools ... 130
"Ames" Lettering Instrument ... 1013
Ames, W. C., Personal of ... 765
Amplex, Inc.:
Combination Punching and Shearing Machine ... 762
Anderson Die Machine Co.:
Dial-feed Multiple-spindle Tapping Machine ... 498
Angle by Use of Drill Rod, Setting Work at an. Walter W. Wright ... 824
Angle Fixtures, Krag Universal ... 677
Angle-irons, Simplex Precision ... 675
Angle of Milling Cutter, Finding Spiral. C. A. Macready ... 988
Angle-plates, Fixture for Planing ... 898
Angles for Rivet Heads, Standard ... 659
Angus Shops of the Canadian Pacific Railway Co. Edward K. Hammond:
1 ... 291
2 ... 389
Apex Machine Co.:
Tap-holder ... 79
Apprenticeship Systems, Uniform ... 786
Apprenticeships, the Value of ... 872
Arbor, Friction. Harry Moore ... 58
Arbors, Design of Work-holding. H. P. Losely ... 978
Arbors, Standardizing Shell Reamers and. H. S. Kartsher ... 892
Arc-welding, see Welding.
Arc when Milling Keyways, Determining Height of. Leo. Laubmeyer ... 574
Argentine-Bolivian Railway to be Constructed by American Company ... 39
Armstrong Bros. Tool Co.:
Chain Pipe Wrench ... 511
Armstrong, H. H.:
Points to be observed in Machine Tapping ... 290
Armstrong Mfg. Co.:
Nipple-holder ... 427
Armature Shafts, Welding Broken ... 185
Artisan Mfg. Co.:
Small-size Gap Lathe ... 590
Asia, Machine Tool Markets in. W. H. Rastall ... 191
Asia, The Machine Tool Market in. C. F. Meyer ... 457
Assembling Device for Pulleys, Handwheels and Gears ... 67
Assembling Machine, Covington Hose Dismantling and ... 74
Assembling, Saving Time in. Albert A. Dowd and Frank W. Curtis ... 296
Assembling Watch Pinion Bearings ... 472
Associated Technical Societies of Detroit ... 455
Association Activities, Trade ... 956
Atkinson, George K., Personal of ... 765
Atlantic Co.:
"Simplex" Electric Safety Stop ... 679
Atlas Indicator Works:
Dial Indicator ... 337
Attachment, "Ettco" High-speed Tapping ... 839
Attachment for Automatic Lathe, Pratt & Whitney Necking ... 842
Attachment, Harris Offset Drilling ... 671
Attachment, Pulley-crowning ... 932
Attachment, Rockford Universal Milling and Drilling ... 674
Attachments, Rockford Rack Cutting and Indexing ... 930
Attorneys in Foreign Countries, List of ... 663
Australian Machinery Market ... 982
Austrian Iron Plant Operating with Furnaces Burning Wood Charcoal, Old ... 47
Automatic Cutting Machine, General ... 598
Automatic Forming Machine, Brown Duplex ... 504
Automatic Lathe, Driving Chuck for. E. M. Bidwell ... 701
Automatic Lathe, The Pratt & Whitney ... 282
Automatic Lathes, Cost-reducing Tooling Equipments for. Ralph E. Flanders:
Machining Steering Knuckles and other Automobile Forgings ... 301
Turning, Boring, Facing and Recessing Operations on Automobile Gears ... 395
Machining Automobile Gears and Ball Races ... 447
Machining Automobile Hubs and Pistons ... 640
Automatic Machine, Stop for an. I. Bernard Black ... 959
Automatic Machines and Special Equipment for Machining Lynite Pistons. Edward K. Hammond ... 696
Automatic Machines, Highly Developed ... 18
Automatic Machines in a Watch Factory. Fred R. Daniels:
2 ... 25
3 ... 125
Automatic Screw Machines, Planing Stock Reel Supports for ... 205
Automatic Screw Machines, Universal Cams for. D. A. Nevin ... 833
Automatics, Form Tool for Gridley. Joe V. Romig ... 609
Automatics, Planing Operations on Parts of National Acme ... 379
Automatics, Set-up Instructions for Brown & Sharpe. Samuel R. Gerber ... 607
Automobile Body Panels, Manufacturing. George J. Mercer ... 803
Automobile-body Press, Southwark Hydraulic ... 423
Automobile Cylinder Lapping Tool, Stimson ... 761
Automobile Design, Simplification of ... 270
Automobile Gears and Ball Races, Tooling Equipment for. Ralph E. Flanders ... 447
Automobile Industry, Belgian ... 779
Automobile Industry, Cost Reduction a Factor in the Future of the ... 120
Automobile Industry, Spanish ... 772
Automobile Industry, Statistics of the ... 86
Automobile Industry, The.
1 ... 832
2 ... 932
Automobile Parts in a Contract Shop, Machining. Fred R. Daniels:
1 ... 603
2 ... 702
Automobile Plants, Output of ... 681
Automobile Production Work on Turret Lathes. Edward K. Hammond ... 261
Automobile Repair Shop Practice.
1 ... 359
2 ... 468
3 ... 567
Automobile Repair Shops Need Better Methods ... 706
Automobile Shifter Fork Trunnions, Milling. A. H. Schwab ... 614
Automobiles, Device for Testing the Piston-rings of ... 705
Automobiles during 1921, Exports of ... 727
Automobiles, Estimated Demand for ... 481
Automobiles to South Africa, Exports of American ... 111
"Autopart" Regrinding Machine, Norton ... 927
Avey Drilling Machine Co.:
Production Shaping ... 89
Axle-shaft Turning Machine, T. C. M. ... 76

B

Back-facing Attachment for Adams "Short-cut" Lathe ... 584
Back-facing Tool. Harry Moore ... 652
Backlash in Hobbed Spur Gears. Carl G. Olson ... 222
Badger Tool Co.:
Surface Grinding Machine ... 514
Baker Bros.:
Drilling Machines ... 155
Baker, J. E.:
Cutting Worm-wheels with a Special Involute Cutter ... 570
Balancing Machine, Precision ... 341
Ball-bearing Hanger, Skayef ... 676
Ball-bearing Tool Grinder, Fafnir ... 930
Ball Bearings for Lineshafts ... 538
Ball Bearings for Textile Machinery ... 956
Ball Bearings, Rotation of Balls in ... 485
Ball Burnishing Barrel, Abbott ... 496
Ball Races, Tooling Equipment for Automobile Gears and. Ralph E. Flanders ... 447
Barber-Colman Co.:
Automatic Hob-sharpening Machine ... 409
Bar Cutter, Buffalo Universal Slitting Shear and ... 921
Bars, Planing Measuring Machine ... 945
Barlow Mfg. Co.:
"Knorr" Detachable Coupling ... 337
Barnes Drill Co.:
Reducing Costs by Gang Drilling ... 266
Barns, Zeno D., Personal of ... 518
Barr, Edsil H.:
Pneumatic Drop-hammer ... 330
Barr, Edward M., Obituary of ... 684
Barrel, Abbott Ball Burnishing ... 496
Barrel Castings, Molding. M. E. Duggan ... 821
Barstow, Ralph, Personal of ... 765
Bartlett Flexible Shaft Coupling ... 503
Barwise, R. M., Personal of ... 850
Basket for Quenching Small Parts, Sheet-iron. E. B. Nichols ... 1003
Bassoff, A. B.:
Lapping and Running-in Machine ... 5
Geared Milling Head for Profile Work ... 729
Bath & Co., Inc., John:
"Easy-cut" Ground Taps ... 843
Bauman, A. H., Personal of ... 518
Bausch & Lomb Optical Co.:
Inspecting by Optical Projection ... 984
Bearing, see also Ball, Roller, etc.
Bearing Cap, Molding a Large. M. E. Duggan ... 572
Bearing Metal, Ackermite ... 916
Bearings, Importance of Accurate Alignment of Lineshaft ... 106
Bearings, New Book on ... 346
Bearings, Reducing Cost of Fitting Connecting-rod. A. K. Schwarz ... 271
Beaver Die-stocks, Methods Used in Making. Fred R. Daniels:
1 ... 732
2 ... 783
Becker Milling Machine Co.:
Reducing Costs by Rotary Milling ... 202
Milling Machine Arranged for High Spindle Speeds ... 334
High-speed Vertical Milling Machine ... 837
Belgian Automobile Industry ... 779
Belgium, Machine Tool Industry in ... 230
Belgian Machine Tool Market, the ... 955
Belt Lacing Flexible Steel ... 845
Belt Sander, Oliver ... 844
Belt Sander, Oliver No. 126 Universal ... 78
Belt Sander, Oliver No. 127 ... 336
Belt Widths, Charts for Determining. Thomas J. Cook ... 562
Belts, Length of Quarter-turn. D. C. Page ... 492

413137

Belts, Tension in. N. G. Near 358
Belting, Power Transmission by. Peter F. O'Shea 814
Belting, Reclaimed Leather 363
Bench for Assembling Pulleys, Handwheels, and Gears, Draw 67
Bench Lathes and Millers as Production Tools .. 130
Bench, Myers Combination Work 329
Bench, Pollard Work 151
Bending, Forming and Shearing Machine, Bussel. 427
Bending Lock-seam Tubing 289
Bending Machines, Davis-Bournonville Draw-benches and Tube 244
Pending Machine, Excelsior Angle-iron 760
Benedict, J. G., Personal of 1018
Betts Machine Co.:
Car-wheel Boring Machine 151
Boring and Turning Mill 760
Double-head Engine Lathe 1010
Betz, William, C.:
The Right Attitude toward the Job 47
Forging Lead Models for Practice 234
Relieving Worn Twist Drills 235
Enlarging a Reamed Hole 236
Sine-bar Taper Gage 236
Winding Coil Springs 402
Radius Wheel Truing Device 566
Cutting Keyways in a Boring Mill 575
Bevel Gear Generator, Gleason 4-inch Spiral ... 411
Bevel Gears, Chamfering Ring 537
Bevel Gears, Cutting. Franklin D. Jones:
1 888
2 968
Bevel Gears, The Gleason Works, System of. F. E. McMullen and T. M. Durkan 788
Bickford Switzer Co.:
Tap Grinder 162
Helical-fluted Reamers 510
Bidwell, E. M.:
Driving Chuck for Automatic Lathe 701
Biesen, Hugo:
Reducing the Cost of Japanning 560
Billings & Spencer Co.:
Die Milling Machine 832
Bingham, J.:
Die with Two Draw Rings 143
Combination Dies for Finishing Parts in One Stroke 306
Birchall, A.:
Spotting a Shaft for a Collar Set-screw 990
Bits, Duplex Cutting-end Tool 73
Black & Decker Mfg. Co.:
Credit Service for Shop Equipment 190
Portable Drill 331
Cleaning Machine 338
Bench Grinder 340
Portable Drill 421
Black, J. Bernard:
Holder for Small Piercing Punches 654
Stop for an Automatic Machine 959
Blade, Adjustable Reamer. Louis J. Kessler .. 736
Blake, Jr., Edward, Personal of 765
Blanchard Machine Co.:
Vertical-spindle Surface Grinding Machine ... 751
Blast, Cadillac Electric Gas-furnace 677
Blatz, W. D., Personal of 518
Blettner Co., George H.:
Reamer Driving Machine 672
Bliss Co., E. W.:
Press Attachments 166
Double-crank Toggle Press 671
Manufacturing Automobile Body Panels 803
Blomquist-Eck Machine Co.:
Duplex Multi-Spindle Turret Machine 239
Milling Attachment for Boring Machines 329
Pneumatic Riveting Machine 416
Double-facing and Boring Machine 499
Blount Co., J. G.:
Motor-driven Grinding Machines 167
Ball-bearing Buffing Machines 418
Motor-headstock Patternmaker's Lathe 669
Heavy-duty Grinding Machine 761
Blow-torch, Turner Gasoline-kerosene 333
Blower, Coppus Screw-blade Propeller 339
Bluske, Charles H., Personal of 1018
Body Panels, Manufacturing Automobile. George J. Mercer 803
Bolivian Railway to be Constructed by American Company, Argentine- 39
Bolt-cutting and Nut-tapping Machine Operating Device 427
Bolts in Quantity, Burnishing. D. C. Oviatt .. 731
Book Reviews:
Employment Management, Wage Systems, and Rate Settings 256
Bearings and Bearing Metals 346
Shop Arithmetic for the Machinist 434
Production Milling 514
Machine Forging 598
Jig and Fixture Design 680
Principles of Interchangeable Manufacturing .. 1016
Borden Co.:
Pipe Threading Tools and their Manufacture.
1 732
2 783
Boring and Milling Fixture 728
Boring and Reaming Fixture, Connecting-rod. William Owen 739
Boring and Turning Mill, Betts 760
Boring and Turning Mill, Colburn Heavy-duty Vertical 835
Boring Attachment for Drilling Machine, Taper. Joe V. Romig 488
Boring-bar and Fixture for Refitting Bearings in Automobile Crankcases 631
Boring-bar Holder. William L. Hampshire 403
Boring-bar Holder. E. W. Cable 995
Boring-bar, Pedrick Portable Taper 332
Boring-bars, Connecting-rod. C. H. Dengler ... 234
Boring-bars for Double-end Cutters. Albert H. Gaess 144
Boring-bars, Hannifin Adjustable 582
Boring-bars, Power-Vosberg Adjustable 256
Boring, Drilling and Milling Machine, Pawling & Harnischfeger 917
Boring, Drilling and Milling Machines, Pawling & Harnischfeger 150
Boring Head, Madison Adjustable 759
Boring Machine, Betts Car-wheel 151
Boring Machine, Blomquist-Eck Double-facing and 499
Boring Machine, Bridgeport Cylinder Re- 341
Boring Machine, Crankcase Drilling and 332
Boring Machine, Semi-automatic Two-way 753
Boring Machine, Universal "Tri-way" Horizontal. 413
Boring Machines, Blomquist-Eck Milling Attachment for 329
Boring Mill, Cincinnati Slow-speed Device for .. 925
Boring Mill, Cutting Keyways in A. W. C. Betz 575
Boring Tool, International Cylinder 79
Boring Unit, Pedrick 426
Borkenhagen, John J.:
Piece-rate and Lay-out Card 526
Observation Time-study Ticket 991
Bourquin, Edgar:
"Cyma" Drawing Instrument 154
Bowman, Henry R.:
Securing Two Rods at Right Angles 59
Reproducing Large Drawings 663
Bowser & Co., Inc., S. F.:
Oil Reclaiming Outfit 256
Boye & Emmes Tool Co.:
Coneless Engine Lathe 580
Brady, James A., Obituary of 518
Brasses, Making Journal. M. E. Duggan 1000
Breaker, C. H.:
Bartlett Flexible Shaft Coupling 503
Bridgeport Cutter Works:
Cylinder Refinishing Machine 341
Bright Internal Grinding Machine 838
Brinell Hardness-testing Punch 256
Bristol, Benjamin Hiel, Obituary of 934
British Engineering Standards Association 124
British Machine Tool Exports and Imports ... 432
British Machine Tool Industry, The:
1 17
2 195
3 320
4 544
5 623
6 745
7 831
8 913
9 962
British Machine Tool Trade 290
British Market for Small Tools 664
Broach Press, American Bench 247
Broaches, Hollander Adjustable 668
Broaches, The Design of Pull. J. Labensky and Palmer Hutchinson 615
Broaching Machine, Velco No. 4 High-speed ... 75
Broaching Press, Lucas Vertical 422
Broaching Stators on Forcing Presses 981
Bronze Bushing for Steadyrest. H. H. Parker. 566
Brown & Sharpe Automatics, Set-up Instructions for. Samuel R. Gerber 607
Brown & Sharpe Mfg. Co.:
Industrial Americanization 30
Universal and Crankshaft Grinding Machine .. 755
Micrometer Caliper 760
"Rex" Micrometers 931
Thickness Gage 1011
Brown Instrument Co.:
Cold-junction Compensated Pyrometer 77
Direct-reading Resistance Thermometer 843
Brown Machine & Tool Co., L. P.:
Duplex Automatic Forming Machine 504
Brussels Fair, American Machine Tools at 933
Bryant Chucking Grinder Co.:
Wrist-pin Hole Grinding Machine 413
Buffalo Forge Co.:
Universal Slitting Shear and Bar Cutter 921
Buffer, Columbia Electric Grinder and 680
Buffing and Grinding Machines, Valley 598
Buffing Machine Janette Portable 155
Buffing Machine, Van Dorn Heavy-duty 841
Buffing Machines, Blount Ball-bearing 246
Buffing Machines, Blount Motor-driven 418
Building for 1921, Statistics on Machine 476
Building, The Cost of 902
Bullard Machine Tool Co.:
Production Work in the Locomotive Shop.
1 102
2 228
Bullington, L. C., Personal of 1018
Bureau of Information at Washington 58
Burlingame, Luther D.:
Industrial Americanization 30
Advancement in the Machine Industries 960
Burner for Industrial Plants, Hardinge Oil 145
Burner, Pittsburg Oil 75
Burners, Furnaces and Forges, Chicago 514
Burning-in and Running-in Machine 79
Burnishing Barrel, Abbott Ball 496
Burnishing Bolts in Quantity. D. C. Oviatt 731
Bushing for Steadyrest. Frank C. Lang 910
Bushing for Steadyrest, Bronze. H. H. Parker .. 566
Bushings to Decrease Size of Hole, Shrinking Drills. C. G. Youngquist 315
Business, Charting the Conditions of. Ernest F. DuBrul 493
Business? What is Normal 366
Bussel Machine Co.:
Bending, Forming and Shearing Machine 427
Buttons, Centering and Locating. Charles Homewood 657
Butts, Manufacture of Hinge 61
